DDWilson, is a family-run, award-winning and highly-rated gas engineering company, seeking a highly-skilled, proactive, and hardworking Gas Engineer / Service / Maintenance Engineer as part of its expansion. We pride ourselves on excellent timekeeping and delivering a five-star service. The role will involve attending pre-booked appointments throughout Merseyside and surrounding areas.

---

## Main aspects of work carried out will be:

- General boiler maintenance and boiler servicing
- Boiler breakdowns, fault finding
- Issuing gas safety certificates
- General heating and plumbing problems.
- Installation work (radiator valves cookers etc.)
- Attending to emergency as leaks

---

## **Required to be considered for the position:**

- Excellent timekeeping
- Can-do attitude
- Be well organised
- Smart appearance
- Minimum of five years experience on domestic boiler breakdowns/fault finding
- Must hold a valid gas qualification on cookers fires and boilers
- Must have a valid UK driving licence with no more than 3 points
- Must have own hand held power tools (Calibrated analyser and a gas detector provided)

---

## **Required to be considered for the position:**

- Company vehicle and a fuel card provided
- Company uniform and work phone provided

---

## **Application Process:**

Interested local candidates are encouraged to apply with their comprehensive CV attached (please send it to [Info@ddwilson.com](mailto:Info@ddwilson.com)) along with a cover letter explaining why they feel they are suited for the role.

### **NOTE:**

*This role offers exceptional growth potential for your loyalty, energy, and passion. It requires hard work, talent who loves challenges, and those who thrive to deliver results in high-pressure scenarios will succeed. This role is not just a job but a career path offering plenty of overtime if desired.*

**Previous applicants need not apply.**

**Good luck! We look forward to welcoming our new superstar to join us at DDWilson Gas Engineering Ltd.**
